

ICE 2020 India

20th/21st June 2020 until
30th June/1st July

The ICE programme at Cardiff Sixth
Form College allows students
opportunities for:

Work experience and observation –

Placements in a wide variety of exciting institutions, relating to
future career options

Understanding of working practice and conditions –

Private enterprise, government institutions and charitable/
voluntary organisations

Teambuilding –

Knowing your team well, understanding your preferred roles and becoming
aware of the
strengths and weaknesses leads to greater efficiency and achievement

Leadership –

Observing leadership in action in working institutions, and having the chance to
undertake leadership opportunities, helps to build leaders of the future

Cultural awareness and interaction –

Mixing with and meeting people of different nationalities, social backgrounds,
employment fields and experience bases allows for a greater understanding of
equality and opportunity globally

Personal development –

Expanding horizons, challenging opportunities and performing outside your
'comfort zone' leads to increased confidence, maturity and personal awareness.

ICE 2020

India
