

## PRE-A LEVEL • UNIVERSITY FOUNDATION COURSES • A-LEVEL

It's been 45 years since St. Andrew's Cambridge first offered young students from around the world the opportunity to experience a Cambridge education.

Throughout our history, our ambition has remained the same: to help the young people that come to us to learn and develop, so that they reach their full potential and can go on to achieve success at university and beyond.

The expertise and knowledge we have gained from our experience have

allowed us to create an environment that is friendly yet dynamic, one in which our students are constantly challenged to develop their ideas and expand their horizons.

St. Andrew's College offers high quality, residential accommodation in single or twin rooms with en-suite options. Each residence building is walking distance from the college and has a live-in house manager who is there to look after the students and prepare their

breakfast and dinner. Cambridge is one of the most beautiful university cities in the world, famous internationally for education. It's a peaceful, compact, cosmopolitan city, dominated by the magnificent university architecture and the River Cam which flows through the centre and past the college gardens.

We celebrate the success of our students, and we look forward to welcoming you to St Andrew's Cambridge.
